

GRIEVANCE MECHANISM ON CIE (2023-2024)

Grievance Redressal Cell

Our college has a Grievance Redressal Cell led by the Principal. This team includes the CEO, Vice-Principals, Department Heads, and the Registrar.

Exam Process

- We fill out online exam forms at the college level.
- Hall tickets are received online. If there's an error in the name or subject, the exam cell fixes it.
- Internal marks are displayed on department notice boards and shared with students in classroom

Handling Discrepancies

- Students can check their answers and scores after manual verification.
- If a student finds an error, they can ask the subject teacher to correct it.
- If the student is still unhappy, they can appeal to the Department Head.
- All grievances are handled positively, and re-evaluation is done if needed. This process is completed before uploading marks to the university website.

Verification of Marks

- Marks entered on the university portal are double-checked at the department level.
- Teachers, Department Heads, and the Principal sign off on the verified marks.

Mechanism of Grievances on Continuous Internal Assessment:

Handling Grievances on Internal Assessments

Step 1: Teacher Level

- Internal assessment marks are shared with students in class.
- Students can request a retest if they miss a test due to sports or genuine reasons.

Step 2: Department Level

- Teachers evaluate students based on lectures, labs, assignments, and tests.
- Midterm marks are displayed on notice boards.
- Students can approach their teacher with grievances (e.g., poor marks or missed tests).
- If unresolved, students can escalate the issue to the Head of the Department.

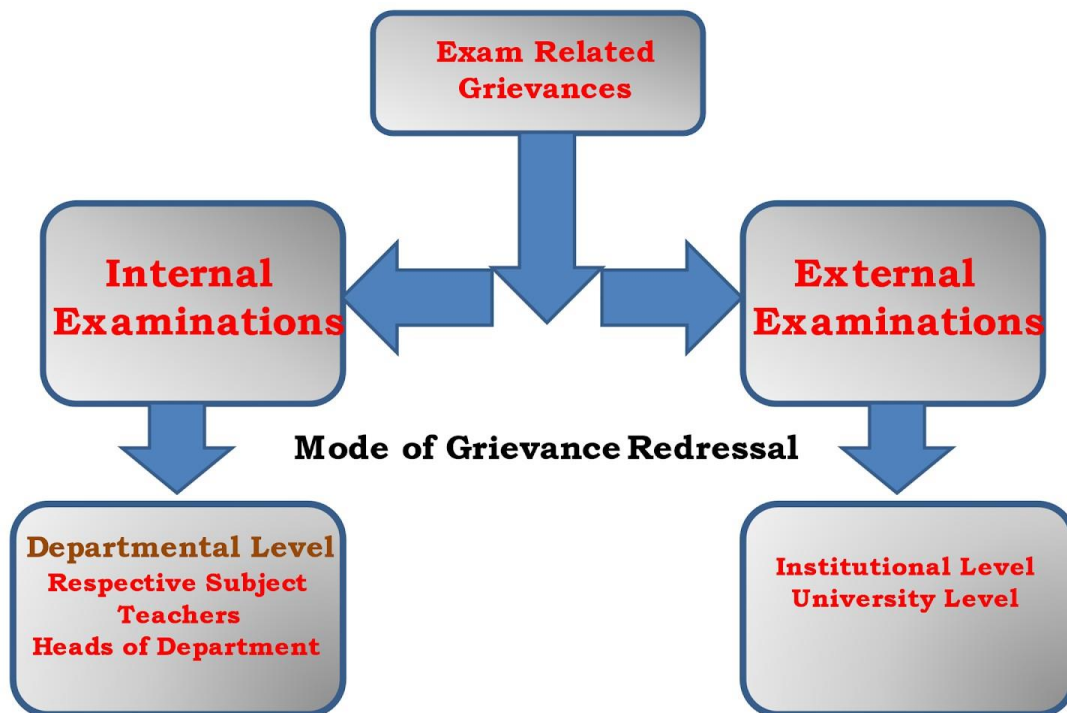

Step 3: Central Examination Officer (CEO) Level

- If grievances remain unresolved at the department level, students can approach the CEO.
- All internal examination grievances are addressed fairly and promptly.

Additional Information

- Physical Education and NSS credits are handled by the Director of Physical Education and the Program Officer.
- Skill Development Credits are managed by respective committee members.
- Co-curricular, extracurricular, and extension activity credits are audited by college committees and faculty members under the Vice Principal's supervision.

Mechanism of internal/ external assessment is transparent and the grievance redressal system is time- bound and efficient.

SSPM's Someshwar Science College, Someshwarnagar, ensures transparency and prompt resolution of concerns through a robust internal and external evaluation framework. Grievances are given top priority and addressed within set timeframes.

Following Savitribai Phule Pune University's guidelines, the college conducts two key evaluations:

1. Comprehensive External Examination (CEE): Managed by the university, this includes setting exam papers, supervising exams, assessing answer sheets, and announcing results.
2. Continuous Internal Assessment (CIA): Handled by the Exam Cell under the Controller of Examinations, this involves preparing question papers, conducting exams, and assessing student performance.

The evaluation scheme initially allocated 80% weightage to CEE and 20% to CIA for the first two years. Later, it was adjusted to a balanced 70:30 ratio.

The college ensures timely communication of CEE-related information to students and adheres to the university's directives for CIA components and examination procedures.

MECHANISM FOR GRIEVANCE REDRESSAL :

Addressing Student Concerns

At our institution, we prioritize fair and transparent assessments for all students. This includes both major exams (Comprehensive External Examinations or CEEs) and smaller, ongoing assessments (Continuous Internal Assessments or CIAs).

How to Let Us Know If You Have a Concern:

We understand that students may sometimes have concerns about their grades or the assessment process. To help you address these concerns, we have established a clear system:

- **Multiple Channels for Communication:** You can discuss your concerns with:
 - **Your Course Instructor:** They are your first point of contact.
 - **Your Class Tutor:** They can provide guidance and support.
 - **Your Department Head:** They can address concerns within your academic department.
 - **The Controller of Examinations:** They oversee all exams and assessment procedures.
 - **The Principal:** They are the highest authority at the institution.
- **Online Portal:** A user-friendly online portal is available for you to submit your concerns remotely, anytime, from anywhere.

How We Address Your Concerns:

To ensure efficient resolution, we categorize concerns into two levels:

- **College-Level:** These concerns can be addressed within the institution itself.
- **University-Level:** These concerns require involvement from the university-level authority (S.P.P.U.).

This system helps us identify the appropriate level for addressing each concern and ensures a timely and effective resolution.

Our Commitment to You:

We are committed to fostering a learning environment where:

- **Transparency:** Assessment procedures are clear and understandable.
- **Fairness:** All students are treated equitably.
- **Accountability:** All members of the academic community are responsible for maintaining fair assessment practices.

Our goal is to create an environment where students feel valued, empowered, and confident in the fairness of the assessment process.

Addressing Concerns Related to Internal Exams:

- **Open Communication:** Faculty members actively engage with students, including reviewing exam papers with them and providing opportunities to discuss their performance.
- **Reevaluation Process:** If a student believes their grade on an internal exam is inaccurate, they can request a reevaluation of their answer script.
- **Multiple Communication Channels:** In addition to formal channels, students can utilize the online portal, QR codes, or suggestion boxes to express their concerns.

Quality Assurance:

To ensure the integrity of the internal assessment process, key figures within the institution, including the Principal, the Internal Quality Assurance Cell (IQAC), and the Controller of Examinations, closely monitor all aspects of the assessment process. This proactive monitoring helps identify and address any potential issues promptly.

Key Changes:

- **More concise and direct language:** Removed some redundant phrases.
- **Focus on student experience:** Emphasized the student's perspective and how the system benefits them.
- **Clearer headings and subheadings:** Improved readability and organization.
- **Slightly more formal tone:** While still accessible, this version maintains a slightly more formal tone suitable for an institutional document.

The institution treats all grievances with utmost seriousness and is dedicated to resolving them promptly. Actions taken in response to grievances are executed within a stipulated time frame, ensuring efficient resolution and communication of outcomes to the students. This holistic approach to grievance redressal underscores our commitment to upholding transparency and fairness in the assessment process while nurturing a supportive learning environment for our students.

UNIVERSITY LEVEL :

Addressing Concerns Related to University Exams

At our institution, we understand that students may have concerns about their university-level exams, such as the final exams at the end of the semester. These concerns might include:

- **Grade Re-evaluation:** How grades are re-examined.
- **Exam Duration:** The length of the exam.
- **Exam Question Appropriateness:** Whether the exam questions were fair and relevant.

How We Address Your Concerns:

- **Collecting and Communicating Concerns:** The Principal, along with Department Heads and the Controller of Examinations, will gather and document student concerns. This information is then formally communicated to the relevant department at the university that oversees these exams.
- **Exam Paper Access:** To enhance transparency, students are given the opportunity to obtain copies of their exam papers directly from the university. This allows students to review their work and better understand their performance.
- **Dedicated Support:** A designated officer within the college will follow up with the university to ensure your concerns are being addressed promptly and will keep you updated on the progress.

This approach aims to ensure that student concerns are addressed effectively and efficiently fostering trust in the fairness and integrity of the university's examination process.

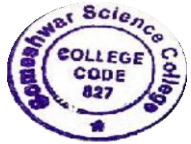

Ensuring Transparency in Internal Assessments

Transparency is crucial for maintaining trust and fairness in the assessment process within our institution. To ensure this, we have implemented several measures:

- **Clear Exam Schedule:** The College Calendar includes a detailed exam schedule, providing students with ample advance notice of upcoming assessments. This allows students to prepare effectively and minimizes unexpected disruptions.

Grievance Redressal

| Sr. No. | Name of Student | Query | Remark |
|---------|--------------------------|--|-----------------------------|
| 1 | Magar Pratik Sunil | Invalid Eligibility Number | Eligibility Number verified |
